LOUISVILLE SHOCKED

Bookkeeper of Western Bank Is Short in His Accounts.

Shortage Extends Back Over Three Years—Had Been Held in High Esteem.

MADE PARTIAL RESTITUTION

Louisville, Ky., May 4—A great sensation was created here this morning by the announcement that Henry J. Drandt, a bookkeeper of the Western bank, was short in his cash account \$15,000 and had skipped the town. An examination of his books shows that the shortage has been going on over three years. The discovery was made by accident. Drandt has always been held in the highest esteem and his fall is a great blow to his friends. He made a partial restitution before he left, but by no means complete.

STOCK.

Wall Street, New York, May 4—The market took on new life today and showed more strength than it has for some time past. The midsummer dullness which had settled on the market during the past two weeks gave way and the general trend of prices were considerably higher, even though trading was not on a very heavy scale. The crop damage reports from the west were the latest feature and they contributed to the inactivity. We hardly think the damage will turn out to be serious and when this passes away the market should do better. The bank statement was considered favorable, but there is some fear expressed that gold shipments in fairly good quantities seems probably in the near future. L. and N. is earning better than 10 per cent. Forty three roads for the third week in April show a gross increase of 19.98 per cent. Sixty-two roads for March show an average net increase of 197.7 per cent. Banks have gained from sub-treasury since Friday last \$86,000. The expected Transvaal loans will be in the form of 2 3/4 per cent bonds, issued at 95. Town Topics financial bureau gives out the following: "While there may be some hesitancy in the stock market on account of the nearness of gold export, developments operate for improvements. B. R. T. is ready to advance at any time and the same may be said of Missouri Pacific. Buyers of B. and O. around ruling figures will be rewarded." A rumor current this morning says that Gates, Gould and Frick have formed a pool to buy all of the coal lands in Oklahoma and Indian Territory. Mexican railways should do better as all dispatches tell of the great prosperity in Mexico. The strength of Mexican gold bonds abroad is noticeable and silver bonds are also firm. J. P. Morgan and Andrew Carnegie arrived in London yesterday. Money conference will be held within a few days at Hot Springs.

WHEAT.

Chicago, May 4—Wheat opened strong owing to more damage reports, but this was short lived for with the indications for warmer weather the market was unable to hold the advance and prices broke considerably

A MURDEROUS MOB

Kills Constable and a Preacher He Had Under Arrest.

The "Sanctified" Divine Had Incurred the Wrath of His Neighbors by His Conduct.

KILLED IN CONSTABLE'S HOUSE

Carnersville, Mo., May 4—Constable W. J. Moonen and his prisoner, "Rev." D. M. Malone, living at Wardell, twelve miles west of here, were murdered Saturday night by an armed mob in disguise. The sheriff, J. A. Franklin, has a clue to some members of the mob, and great excitement prevails throughout the country. The cause of the tragedy embraces the most sensational and exciting events of any crime ever committed in the state. "Rev." D. F. Malone was one of the "Sanctified" preachers who have infested the country for some time. Malone was about 50 years old and had recently become enamored of a grass widow, Mrs. Mary Frill, whom he converted to his faith. The two traveled and preached together, living as man and wife. Over this the legal wife, Mrs. Alice Malone, became greatly troubled, and the preacher decided to get rid of her by claiming that she was crazy. Accordingly she was brought to this city and placed in jail.

DEFIED THE OFFICER.

A warrant was issued for Malone and the woman, Mary Frill, for living together unlawfully, and Constable Moonen went to arrest the people last Wednesday. Malone came to the door with a Winchester and revolver and defied the officer, saying: "I live under the laws of grace, not men, and will not be taken alive." Constable Moonen went away, but returned and arrested the parties Saturday. It was too late to bring them to this city and the constable carried the man and woman to his residence, to be brought here Sunday. At 11 o'clock Saturday night someone called to the officer and when he went to the door to see what was wanted he was shot without warning. The mob then swarmed into the house, seized the preacher, dragged him into the hall and shot him dead.

RIDDED WITH BULLETS.

They dragged the body of the preacher into the woods and riddled it with bullets. They left the body of Moonen where it had fallen. Moonen's wife and several neighbors were in the room as the time, but none of them was molested. A mob had been trying to get the "sanctified" preacher for several days, but it is a mystery why they shot the officer who had him in charge. Mrs. Frill was brought in yesterday and placed in jail. She saw the tragedy and reports it as here given. She denies guilty relations with the person and says that she herself is a preacher and that the two did missionary work together. She is 26 years old and has a living husband. The scene of the tragedy is in a wild part of the country. The sheriff and posse will go out today, when further developments are expected.

and closed near the lowest point of the day at about 10 decline from the high point. Statistics generally speaking were about unchanged. Minneapolis and Duluth reported 193 cars against 92 last year. Chicago 53 cars. Clearances 464,594. The visible supply decreased 2,109,000 bushels this was about as expected. The market has had a good advance and if the weather should change and conditions become more favorable the market should have some further reaction and on such reactions we deem it advisable to buy wheat, for everyone knows that flour is the cheapest food in the world today. Labor has twice the earning power it had 15 years ago when flour was 50 per cent higher than it is today and we believe on that alone wheat should be bought, even though this crop will average as high as the last one or higher.

Miss Mamie Townsend returned from Hopkinsville yesterday.

THE CARNIVAL NEWS

The Great Loop the Loop Act Secured for \$1,000.

Fine Musical Arrangements Have Been Made for the Entire Week.

INTERESTING CARNIVAL ITEMS

The carnival company has closed the contract for the big "loop the loop" bicycle attraction. There are only two of these attractions in the United States and they have secured the best. The "loop the loop" is performed on a bicycle, one of the most daring and perilous feats ever accomplished, and will be placed inside a circus tent large enough to accommodate 15,000 people. Director General Lagomarsino thinks this will be the best attraction on the grounds. The price paid for this act was \$1,000 for the week.

The program solicitors, whose duties are to solicit ads for the program are out today working. The program will be better and larger in every way than any heretofore gotten out.

Dean's band will play concerts on the street corners. The managers of the carnival wanted to have a wagon built but have directed the band to concert work on the street corners in the day and at the German Village at night. This will be a feature of the German village, the band concert.

Dr. C. E. Whitesides, chairman of the automobile committee of the Carnival association, this morning closed a contract for a Rambler automobile, one of the latest improved and most up-to-date automobiles on the market. This will be raffled off during the carnival week at 10 cents per chance and will be one of the features of the carnival. This is a new feature in carnival attractions and it is thought that no trouble whatever will be experienced in selling the chances. Chances will be on sale from the first day of the festivities until the last at all cigar and drug stores in the city and can be easily secured.

DON'T WANT REUNION.

LOUISVILLE WILL NOT PUT IN BID AT NEW ORLEANS.

Louisville, Ky., May 4—At a meeting of the Confederate Veterans Saturday night it was decided to go to the New Orleans reunion, but not to put in Louisville's name for the next place of holding the reunion. It has been thought all along that a strong bid would be made for the Falls City.

Secretary Haly, of the Democratic state executive committee, has completed the shipment of the ballots to be used in the 119 counties of the state at the Democratic primary on May 9.

H. U. WALLACE HERE

Chief Engineer Goes Over Cairo Division.

Arrived in Paducah Yesterday and Makes Inspection Today—Trainmaster Resigns.

OTHER ITEMS OF INTEREST

Mr. H. U. Wallace, chief engineer of the I. C. road, of Chicago, arrived in the city yesterday afternoon on passenger train No. 121 from Louisville to make an inspection of the local terminals and also the Cairo extension.

Mr. Wallace came in his private car, which was sent around to Wickliffe, and Mr. Wallace made the trip over the road on foot. He started from this end walking out and made all the territory, and had arrived at Wickliffe early in the afternoon. He caught his car again at the other end and will go south from there.

Mr. W. H. Linton, trainmaster of the Louisville division of the I. C., has resigned, effective immediately, and gone North. He is succeeded by Mr. V. U. Powell of the Carbondale district. Mr. Linton's many friends here will regret to learn of his resignation. Mr. Powell has already assumed charge of the north end of the division.

Mr. Will McLaughlin of the L. & N. shops at Louisville died Friday at that city after a brief illness and was buried yesterday afternoon. He formerly worked in the local shops, having served his apprenticeship here, and was a brother to Mr. James McLaughlin of the local shops. His many friends here will regret to learn of his death.

Work on the Cairo division has been progressing rapidly of late, McArthur Bros. having secured several additional forces, and are intent on finishing the road within a few months. The bad weather is about over, it is thought, and the contractors will be enabled to push the work without interruption.

Mr. William McCreery, traveling engineer of the Tennessee division of the I. C., returned yesterday from Chicago, where he had been for several weeks on business. Traveling Engineer Lloyd Grimes of the Louisville division acted in his place during his absence.

A new "bulldozer," a big blacksmithing machine, is being put up in the local I. C. blacksmith shops today. The "bulldozer" is one of the new machines ordered for the enlargement of the shops.

Mr. B. S. Phelps of the local I. C. shops lost his 7 months old son yesterday morning at 8 o'clock. The child died of pneumonia and was buried today at Bethlehem cemetery in the county.

W. A. Schumate, a messenger in the express service on the St. Louis and Paducah run, has resigned and has been succeeded by Messenger Cowles, of the Great Springs and St. Louis run.

Superintendent A. Philbrick of the Louisville division of the I. C. arrived in the city yesterday to accompany Chief Engineer H. U. Wallace on his inspection of the Cairo branch.

Mr. J. M. Russell, roadmaster of the Louisville division of the I. C., was in the city today on business.

MINE CHANGES HANDS.

SHAMROCK PROPERTY BOUGHT BY THE ST. BERNARD COAL COMPANY.

Providence, Ky., May 4—The St. Bernard Coal company, of Earlington, has purchased the mining plant and coal lands of the Shamrock Coal company, of this place, paying \$226,000 for them.

The Shamrock Coal company was organized in March 1902, erecting one of the most substantial mining plants in this section.

Dr. D. G. Murrell has gone to Hickman, Ky., on professional business.

LOST BOTH GAMES

Paducah Ball Team Loses Twice To Henderson.

First Game Lost By Narrow Score—Second Game Lost in Ten Innings on Lloyd's Wildness.

GAME PLAYED YESTERDAY

The Paducah professional K. I. T. league team has twice met defeat at the hands of the Henderson league team, once Saturday and again yesterday. The local team has had little practice but gave the Hendersons a hard game.

On Saturday afternoon the first game was played and Henderson won by a score of 10 to 9, Murray being shut out at the home plate on a close decision. This would have tied the score and necessitated a ten inning or more game had Murray been declared safe.

Yesterday afternoon the second game was played and Henderson was again victorious by a score of 11 to 9, ten innings being played. The Paducah team lost on Pitcher Lloyd's wildness. Lloyd pitched the entire game and Kenney caught. Paducah made no errors but Henderson got three. Paducah played perfect ball except from Lloyd's wildness. This was his first game and little was expected of him.

The "Sterlings" defeated the "Centrals" yesterday afternoon at the Illinois Central shop grounds by a score of 29 to 17. There was a great deal of bad playing on both sides but the Centrals made the most errors.

Loton Plumlee pitched for the "Sterlings" and pitched an excellent game. Grate pitched the first part of the game for the Centrals and was batted out of the box. The other Central pitchers were put in and also batted heavily. The Sterlings showed themselves much the superior and won with ease. Manager Robison claims the team was a picked one but only one extra player was in the line-up and he was Plumlee, the pitcher. There was a large crowd out to witness the sport. Henry Dicke umpired the game with much satisfaction. The Centrals lay the cause of the defeat to the new arrangement of the players, several having been placed in new positions.

The Paducah professionals will leave Henderson today and arrive here tomorrow. They will play here this week and will meet Henderson again during carnival week at home. Manager Sam Jackson stated this morning that he would have a game with Huntington, Tenn., this week, probably Wednesday or Thursday, and on three days during carnival week would play Henderson. He is pleased with his team and thinks he will win the pennant without any great trouble. The boys have had little practice yet put up as stiff a game in both instances as Henderson, making fewer errors. Murphysboro, Ill., will probably play here within a week or two and the home team will remain here for two weeks.

ANOTHER FIGHT.

HELLAR AND MATTHEWS REPORTED TO GO TOGETHER AGAIN.

It is given out on good authority that Lou Hellar and "Kid" Matthews, who fought here Friday night at the Hood-Johnson benefit, will fight another bout during carnival week.

Matthews was really declared the loser of the fight by Referee Will Dicke, but it was agreed to call it a draw. Matthews is not satisfied and wants to fight again, it is stated. The bout will not be for points but for the best man. The place has not been arranged yet.

TRIMBLE STREET REVIVAL.

A revival was held at the Trimble street Methodist church last week and an unusual record made. There were fifty-two confessions Sunday, making a total of seventy confessions for the week. The services will be continued this week, preaching at 9:30 a. m. and 7:30 p. m.
